

Customers: Buying tickets process

1. Welcome interface.

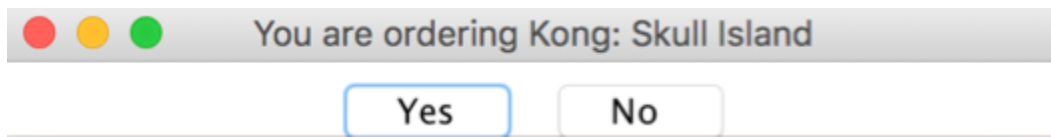

2. Click button "Buy Tickets" to start purchasing tickets.

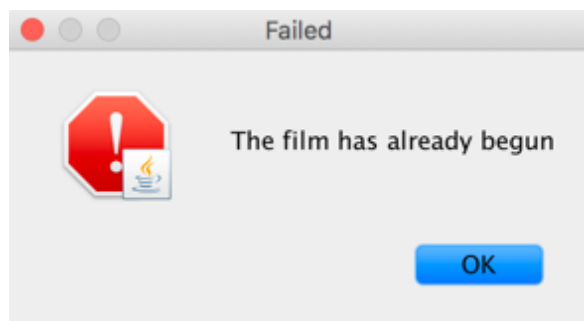

Using scroller to choose movie which you like and click button "Next".

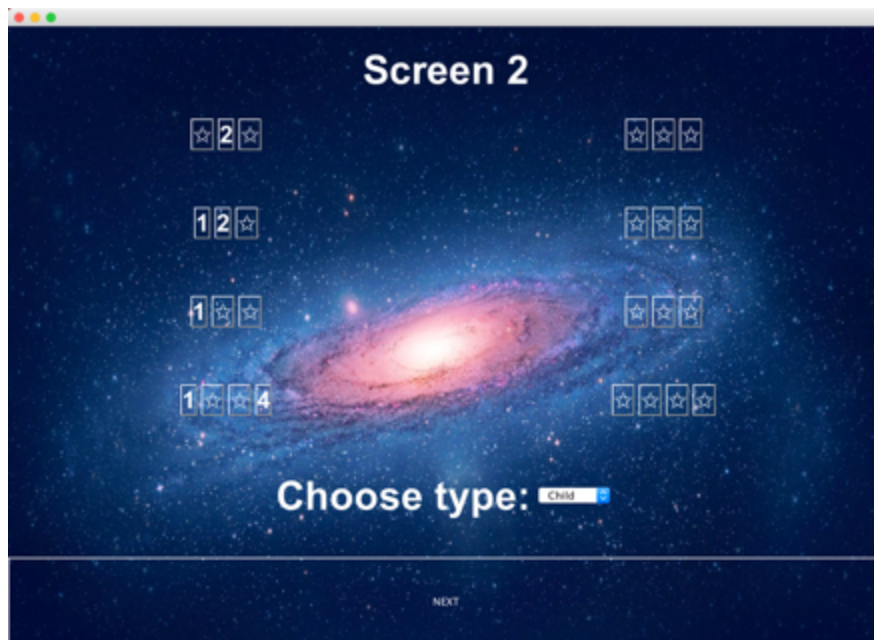

3. A windows will ask you if you confirm choice. If not, you will return last interface.

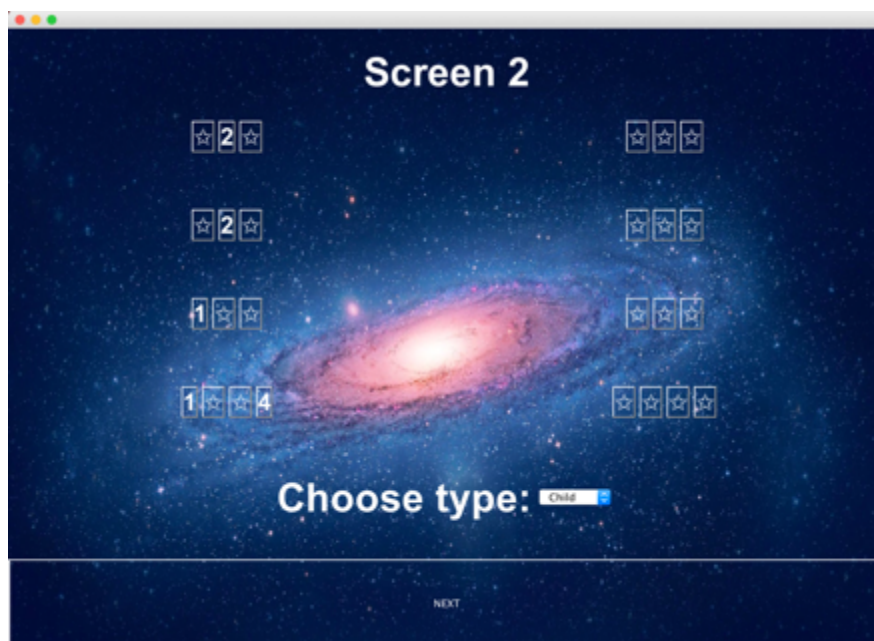

4. Click Yes to enter next interface. Choose a movie time you want. However, if system time is after movie start time, it will tell that you cannot order.

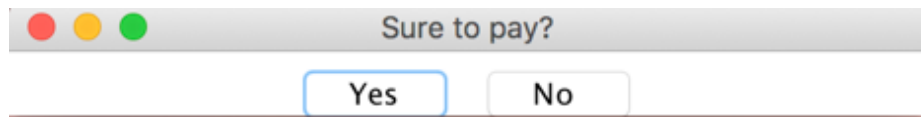

5. Choose a valid time to enter seat selection interface. The seats having a symbol “☆” means they are ordered by others. You can only choose seats which have numbers on it. Then, choose a type you want to buy.

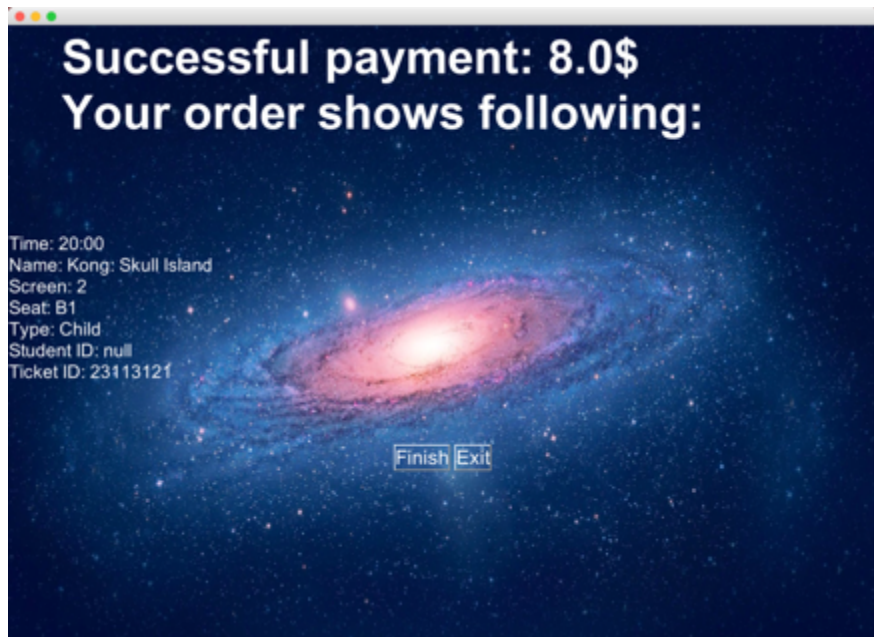

If you click, for example, B1, it will change into a star.

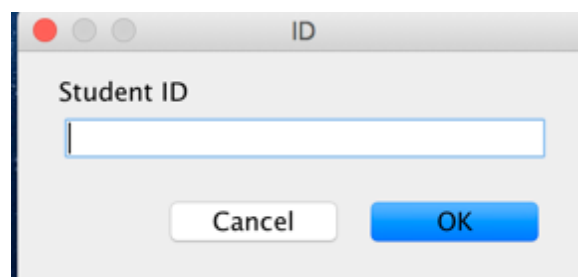

A confirm windows will display again.

Click Yes and order successfully. Otherwise, return movie choose interface.

6. If you choose a student type, a student ID(s) is needed to verify.

Administrator

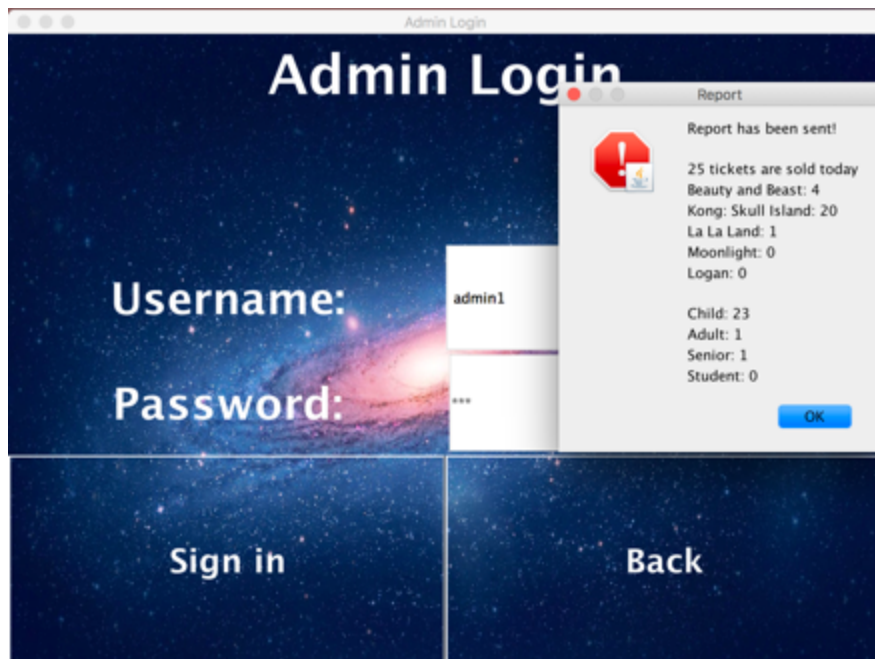

1. Input username and password of admins.

	Username	Password
1.	admin1	123
2.	admin2	321

(You can edit AccFile.txt to manage them)

A screenshot of a web application window titled "Admin Login". The window has a dark blue background with a faint image of a galaxy. The title "Admin Login" is at the top center. Below it, the text "Username:" is followed by a white input field. Below that, the text "Password:" is followed by another white input field. At the bottom, there are two buttons: "Sign in" on the left and "Back" on the right.

2. If verify successfully, you can see the report.

Otherwise, you can see a error.
